Hello Ambassador! We hope you enjoyed writing your Personal Eulogies. It is sobering to think about how people view you and how you want to be remembered, isn't it? This lesson involves a different but practical experience for you. In James 2:14-26 we are reminded that our faith is to always be expressed in our actions. Please read **James 2:14-26** and do the following assignment:

1. Take a half day to serve a Senior Citizen from your Church or community. **It should not be a relative** (hopefully you are serving them anyway). Your goal is to help them with whatever their needs may be that day.
2. Write two or three paragraphs telling what you did and how your experience with that person was. Please print or type below.
3. Ask your mentor to help you arrange this if you do not know a Senior Citizen you can help. Remember, put your faith into practice by what you do.

Mentors, please enter this lesson online as usual for your student to get credit. We would also like to see what the students have done, so please fax this to Robin at 417-266-4121. Thanks.
