

Printable KAA Luggage Tag Instructions:

Print in color as many tags as are needed.

Each Camper and Kaleo should receive only 2 luggage tags.

Each tag should be marked clearly with the requested information.

Attach to luggage with clear packing tape.

- Make sure Camper/Kaleo contact information is also inside the bag in case the tag is lost in transit.
- Do not pack medication in luggage. Give it to your group leader in a zip lock bag with a signed Medication Administration Record (MAR).
